

Difficulty with static discharge? Solderability problems? Wrist straps not working?

I.C. Blue Lotion Electronics Formulation In ESD Bottles

R & R LOTION, INC.

I.C. Lotion is the only lotion with a military specification written around it.

**INTRODUCING
A Static Dissipative, Non-Contaminating Hand Lotion**

Picture this...

- 90% of electronic manufacturers do not supply a non-contaminating hand lotion.
- 95% of assemblers provide their own hand lotion... is it contaminated?
- 100% of the manufacturers realize the problems caused by solder/fluxes and E.S.D.... but do they know how many of these problems are caused by hand contamination and lack of skin moisture?

Why I.C. Lotion™?

- **STATIC DISSIPATION**, helps in keeping skin moist for better contact between the wrist strap and the skin.
- **NON-CONTAMINATING, NO!** Glycerin, Mineral Oil, Silicones, or Lanolin.
- **ABSORBS** immediately and is completely non-greasy so it won't interfere with grip and dexterity.
- **RELIEVES** chapping and irritation caused by the regular use of rubber gloves, finger cots and frequent hand washing.
- **AVAILABLE** in 1 oz., 8oz., 16oz., 32oz., Bottles - Gallons

A lotion formulated for the clean room environment

NO!

•Fragrance • Dyes • Glycerin • Mineral Oil • Silicones • Lanolin

This non Acidic hand lotion is enriched with aloe vera and vitamin E to achieve healthier, softer, younger looking hands. This static free lotion helps to eliminate skin flaking, as well as achieving better contact between the wrist strap and skin. Helps to eliminate chapping when wearing rubber gloves or finger cots.
