

A collection of Weller soldering tools is displayed on a white background. The tools include a large orange and black soldering stand with two adjustable arms, a silver soldering iron, a silver pump, a black desoldering pump, a small black container of yellow solder, a black carrying case with the Weller logo, a large orange protective mat with the Weller logo, and a pair of black and orange safety gloves. Several screwdrivers with orange handles are also visible.

INSPIRING PROJECTS. DRIVING PASSION.

Making it easier to inspire and create, you can now enhance your Weller collection with critical, solution-based soldering accessories. Maintain a higher-performance job for the task-at-hand, while incorporating important added safety features and storage options.

Accessory Kit

WCACCK2*
Accessory Kit

- Silicone Holder with Brass Sponge
- Lead Free Solder with Rosin Core
- Rosin Flux Paste
- Flux Brush

Accessories

WLACCFB-02
Flux Brushes, 25 PK

- Provides strong solder bond
- Non-shedding
- Sturdy and durable
- Multiple applications

WLACCBS-02
Soldering Brass Sponge Tip Cleaner, 5 PK

- Reduced residue on tip
- Prevents tip cool down
- Extends tip life
- Easy to use

WLACCBSh-02
Soldering Tip Cleaner and Holder

- Reduced residue on tip
- Prevents tip cool down
- Extends tip life
- Easy to use
- Silicone Holder
- Anti-slip
- Clean & Tidy

Frees Up Your Hands

Ensures safe soldering with improved precision and flexibility. Easily position components where you need them with the alligator clamps' 4-way swivels

Enhanced Visibility

Magnifying glass enlarges your soldering work area 4X

Secure Projects

Components stay secure and in place with the dual alligator clamps for flexible positioning during soldering

Multiple Applications

Use for electronic PCBs, wires, stained glass, arts and crafts, or other general-purpose applications

Free up your hands for improved soldering precision and flexibility with Weller's Helping Hands Vise with Magnifier. Easily position components with 4-way swivel alligator clamps and magnify your work area 4X larger for expert soldering.

Model # WLACCHM-02

HELPING HANDS WITH 4 MAGNETIC ARMS

Adjustable & Flexible Positions

Four magnetic gooseneck arms with alligator clamp secured to the base that can be easily positioned for multiple configurations.

Frees Up Your Hands

Easily reposition the magnetic gooseneck arms to hold your project to improved precision and flexibility.

Secure & Protects Projects

Coated clamps reduce the possibility of damage while holding projects securely in place.

FEATURE

Four magnetic gooseneck arms with alligator clamp secured to the base that can be easily positioned for multiple configurations

Coated clamps reduce the possibility of damage while holding projects securely in place

Global brand you can trust for consistent quality and supply

Model # WLACCWSM1-02

SOLDERING WORK STATION MAT, LARGE

Surface Protection

Silicone soldering mat protects your workspace from burns by resisting temperatures as high as 930°F/500°C.

Anti-Slip

Work safely and more effectively with the anti-slip, silicone soldering mat.

Clean & Tidy Workspace

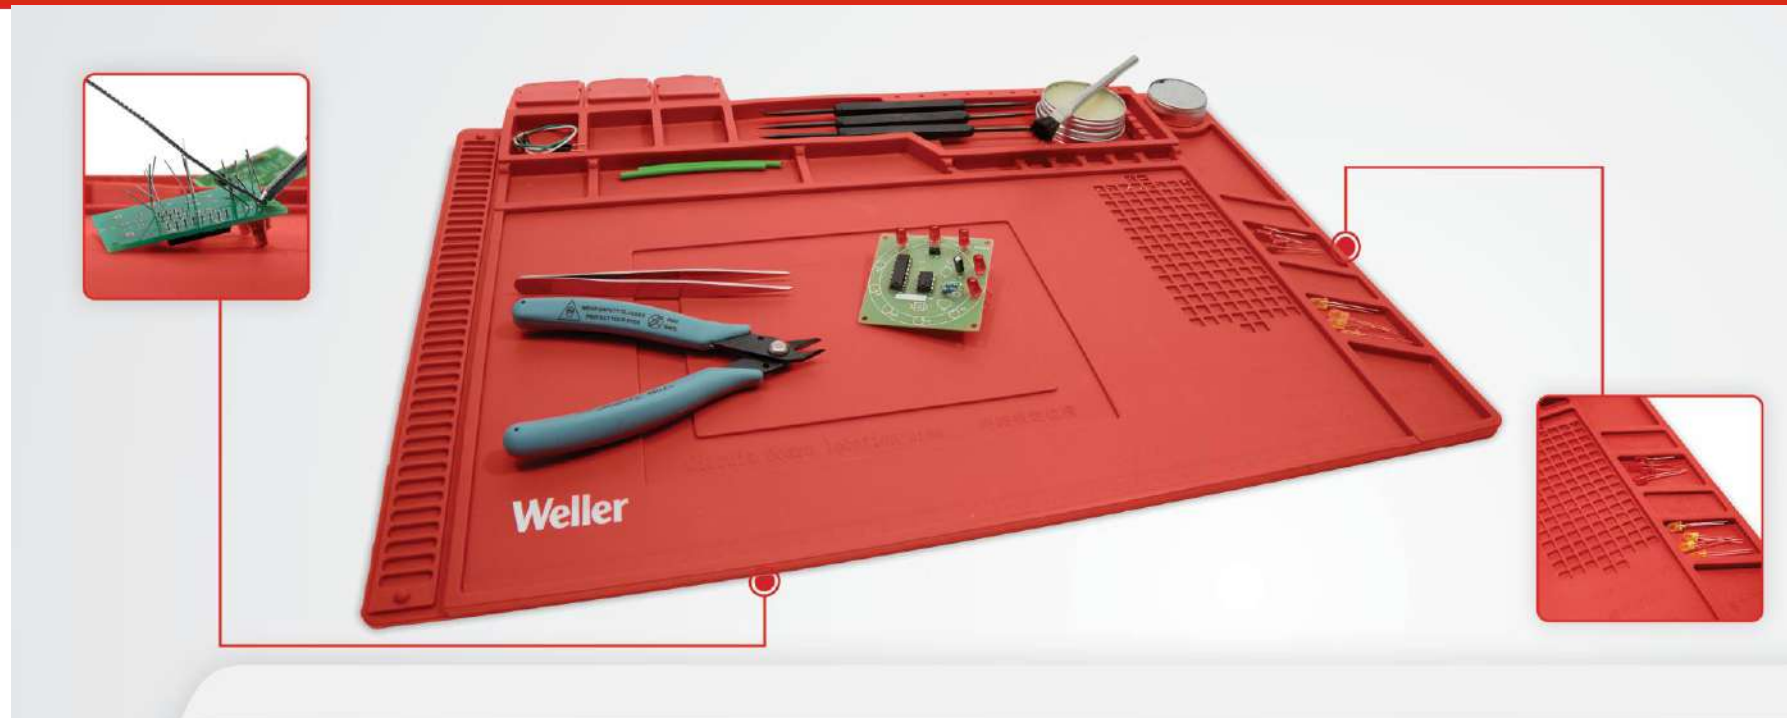

Maintain a clean and organized soldering work environment. Ensure no small parts or tools are lost with individual compartments and placement slots for efficient organization. Silicone soldering mat includes a built-in ruler and four magnetic areas for secure storage.

Size Large

21.5in x 13.75in
546,1mm x 349,3mm

Model # WLACCWSM2-02

SOLDERING WORK STATION MAT, MEDIUM

Surface Protection

Silicone soldering mat protects your workspace from burns by resisting temperatures as high as 930°F/500°C.

Anti-Slip

Work safely and more effectively with the anti-slip, silicone soldering mat.

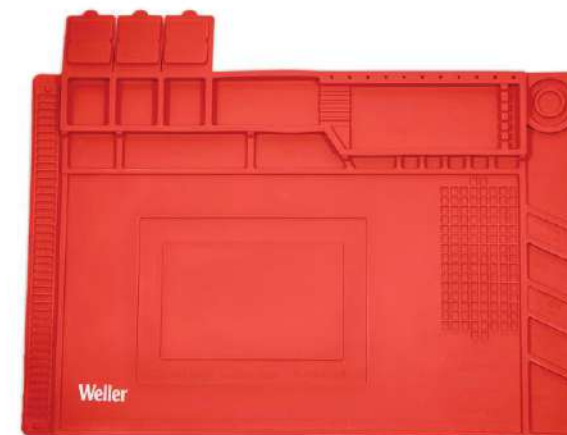

Clean & Tidy Workspace

Maintain a clean and organized soldering work environment. Ensure no small parts or tools are lost with individual compartments and placement slots for efficient organization. Silicone soldering mat includes a built-in ruler and four magnetic areas for secure storage.

Size Medium

17.75in x 11.75in
450,9mm x 298,5 mm

Clean and remove residual solder from your soldering iron tips without water with Weller's Soldering Brass Tip Cleaner with Silicone Holder. Simply plunge the iron tip into brass coils that clean, prevent rust and extend tip life. Increase tool safety and stability with the slip-resistant silicone holder.

Silicone Holder:

Easy to Use

Removes solder residue quickly and easily by simply inserting your soldering tip into the center of the Wire Sponge Tip Cleaner during and after use

Anti-Slip

Increase your tool safety and stability with slip-resistant silicone holder

Clean & Tidy

Maintain a clean and organized soldering work environment

Brass Sponge:

Reduced Residue on Tip

Effectively remove residual solder from your soldering tools without damaging your tips

Prevent Tip Cool Down

Maintain tip temperature when compared to cellulose sponges, improving productivity and quality of solder joints

Extend Tip Life

Dry tip cleaning prevents rust and blackening for increased solder tip life

Reduced Residue on Tip

Effectively remove residual solder from your soldering tools without damaging your tips

Prevent Tip Cool Down

Maintain tip temperature when compared to cellulose sponges, improving productivity and quality of solder joints

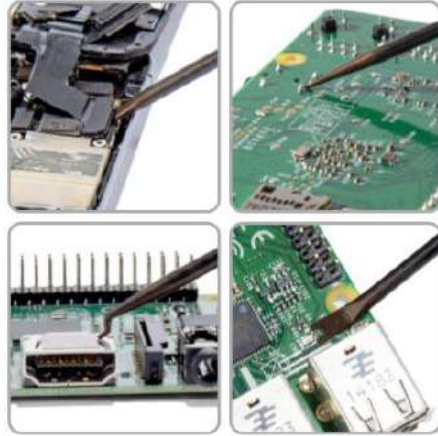

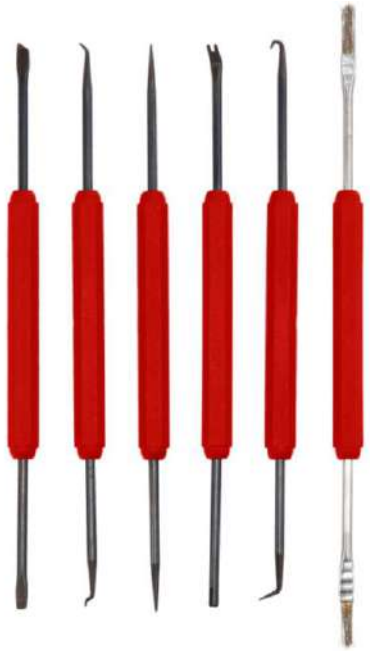

Extend Tip Life

Dry tip cleaning prevents rust and blackening for increased solder tip life

Easy to Use

Removes solder residue quickly and easily by simply inserting your soldering tip into the center of the Wire Sponge Tip Cleaner during and after use

Clean and remove residual solder from your soldering iron tips without water with Weller's Soldering Brass Tip Cleaner. Simply plunge the iron tip into brass coils that clean, prevent rust and extend tip life.

Experience precise and improved soldering with Weller's Solder Aid Kit with 6 Double-sided Tools that offer multi-functional capabilities. Use to bend and hold leads, remove dust and contamination, adjust pins and components, and many other necessary tasks.

Multi-functional Capabilities

Includes bending and holding leads, removing rust and contamination, adjusting pins and components, and many other necessary soldering tasks

Remove Components

Dual-sided Hook assists in removal of components

Bend, Hold & Adjust Leads

Use Fork for bending, adjusting and to hold leads

Remove Residual Solder and Flux

Use Scraper and Knife to remove residual solder & flux, and to cut away unnecessary circuit elements

Clean or Expand Pad Holes

Use dual-sided Awl for cleaning or expanding pad holes

Cleans Dust and Residue

Dual-sided Brush cleans away dust and residue prior to soldering

Easily Position Pin on Pad

Assists you in adjusting pins and components

Heat-Resistant

Protect your hands from soldering and hot air, up to 570°F/300°C with the gloves' heat-resistant, silicone dots

One Size Universal-Fit

Washable and easy-to-dry gloves fits both men and women (approx. 9.5" x 5.5") and can be used on left or right hand

Comfortable

The perfect combination of breathability, feel and comfort. Made with heat-resistant polyester cotton

Protects Hands

Enables safe effective handling of soldering tool

Safely and comfortably protect your hands when soldering with Weller's Heat Resistant Gloves. Protects against high temperatures and with a universal size that is easy to wash and dry, they're the perfect combination of safety, breathability, feel and comfort.

Create a strong solder bond with Weller's Flux Brush. Apply Flux for soldering PCBs, wires, stained glass, arts and crafts, or other general-purpose applications.

Strong Solder Bond

Improve soldering joints with the Flux Brush. Apply Flux consistently for soldering PCBs, Stained Glass and other applications

Non-Shedding

Clean and easy application of a variety of materials to surfaces, including Flux, glue, oil and pastes

Sturdy and Durable

Tubular metal handle with bristles works for both single and multiple uses

Multiple Applications

Use for electronic PCBs, wires, stained glass, arts and crafts, or other general-purpose applications
